

YSGOL BRYNREFAIL

ENTERPRISE DAY YEAR 10

Do you know how to make a tower out of paper that is strong enough, when finished, to support the weight of an egg?
On Friday 14th September 2012, this was the first challenge set by Selwyn Griffiths, Young Enterprise. Year 10 pupils leapt to the

challenge and formed their companies, to plan, buy materials and make their products.

It was all part of the work towards the Welsh Bacallaureate and the successful day was arranged by Mrs Gweno Evans, Co-Ordinator of the Welsh Bacallaureate for the under 16s, and indeed, some very successful products were produced during the day.
