

YSGOL BRYNREFAIL

LIVERPOOL HEART HOSPITAL

Liverpool Heart Hospital offered the opportunity of Work Experience to sixth form pupils at schools in North Wales, Cheshire and the North of England. They were inundated with hundreds of applications and many were chosen to attend interviews. At the end of the process two Brynrefail pupils, namely, Elen Puw a Ffion Jones were selected. Both Ffion and Elen desire to study medicine at University level and pursue a career in medicine. This is a marvellous opportunity for them to taste what life will be like in a very special hospital. Everyone at Brynrefail is so proud of their achievement.
