PUPILS' FORUM

Every half term the Pupils' Forum assembles where representatives from all seven school years have the opportunity to discuss matters either related to the school calendar i.e. arrangements for red nose day, or to address matters that are important to the pupils themselves. This year Rebecca Ellis and Ieuan Davies from

year 7 join in with the forum for the first time and they being new to the school. The two were chosen, as with the rest of the forum by their election by their year group classes in a vote.

The Forum has the opportunity to discuss with the Headteacher Mr. Eifion Jones and members of his senior management team and decide as a Forum on arrangements

such as which charities will benefit from events held at the school or what school rules need re-visiting in light of recent changes in the world of education.
